METAMORPHOSIS

WELCOME TO THE 2016 CAMBERWELL ARTS FESTIVAL

This year's theme for the annual festival is Metamorphosis where we explore the potential for art and creativity to transform people and places. Camberwell has long been known as a hub of creativity thanks to the continuing legacy of Camberwell Arts College (UAL) and the large community of both professional and leisure artists, pursuing their artistic practice whether at home or in studios across SE5. This rich artistic atmosphere has seen Camberwell evolve into the desirable place where we live and work and over the years the area has been transformed by the arrival of new travel connections, communities, property developments, restaurants, bars, cuisines and other new businesses.

The Festival's aim this year is to celebrate that transformation through creativity and collaboration by linking local artists to businesses with a series of eye-catching artworks to transform Camberwell's high streets. It will also develop an innovative events programme in unusual business locations to encourage the community to rediscover their high street in a brand new way.

We kick off the festival with the popular Made in Camberwell Arts Market bringing local artists, makers and creators direct to the public. We see the return of the highly successful Camberwell Open Exhibition which mixes hobbyists with professional artists at Camberwell Leisure Centre.

We have a musical extravaganza: **ORGANOKE** at St Giles Church on the opening night plus a rich and diverse fringe

programme. And finally, not forgetting our growing Open Studios Weekend, with studios and artists of SE5 who will open their doors to art lovers, collectors and browsers.

We really look forward to welcoming you to our festival this year and hope that we inspire you to join in and celebrate the way that Camberwell is changing whilst also thinking about how the creative community can be instrumental in that process.

As part of Southwark Council's Highstreet Challenge, we collaborated with 10 artists to transform the exterior appearance of Camberwell's restaurants, cafes, pubs and shops with innovative, imaginative artworks that respond to the 2016 theme of metamorphosis/transformation. These commissions were awarded to creatives who have a link to Camberwell, whether they have lived, worked or studied here.

We invite you to find the artworks, and discover shops, restaurants and businesses along Camberwell's highstreet. To help you on your journey, come meet the artists and find out which shopfront is their canvas.

The Camberwell Open is an open exhibition where we aim to present a snapshot of creative practice from artists associated with SE5. This is an exhibition where we have 'Hung the Lot' to truly present a spectrum of talent from across Camberwell, and you will see the leisure and professional artist shown side by side. Each year three prizes are awarded by expert jurors who this year include Gita Joshi, Martin Ridgwell, Anna B Sexton and Jessica Lloyd-Smith.

All the art works shown are for sale.

You can see the participants online at <http://thecamberwellopen.org/exhibitors-2016/> or better still head over to the leisure centre and take a look!
